# LUCAS COSTA RODRIGUES    FULL-STACK WEB DEVELOPER

cr.lucasrodrigues@gmail.com | GH:@lucas-crodrigues | LinkedIn:lucascostarodrigues | Portfolio

## SUMMARY

Full-stack web developer with a love for clean code and great design. Experienced in pair programming and remote work. Fluent in multiple languages and frameworks, but always looking for ways to improve.

## SKILLS

**Front-End**: JavaScript, React, Redux, Bootstrap, HTML5, CSS3
**Back-End**: Ruby, Rails, PostgreSQL
**Tools & Methods**: Git, GitHub, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools
**Professional**: Remote Pair-Programming, Teamwork, Mentoring

## EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS                                               Remote
**Full Stack Web Developer**                                    March 2022 – Present

- I have built around 40 projects and spent 1300+ hours coding while working remotely with people worldwide. Below are a few of said projects.

Bike Rentals — It is a website for renting out bikes, the user can log in, and make reservations, the frontend of the website was created with React/Redux, and the backend API was done in Ruby on Rails with a PostgreSQL database. Check its source code.

- Built with: HTML5/CSS3; JavaScript; React.js; PostgreSQL; Ruby on Rails; Ruby.

Free Games DB — This is the Free Games DB app, in which you're able to see all free gaming-related content across all major platforms. It was done using the GamerPower API. Check its source code.

- Built with: HTML5/CSS3; JavaScript; React.js; Redux; Node.js.

MICROVERSE                                                                  Remote
**Mentor (Volunteer)**                                   March 2022 – January 2023
- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and support on how to maintain motivation to maintain longevity in the program.

PREVIOUS EXPERIENCE                                               Joinville, Brazil
**Intern Civil Engineer**                            February 2016 – November 2021
- Managed the installation of hydraulic systems for an apartment complex of 14 towers with 700 apartments.
- Was in charge of people from all sorts of different backgrounds, honing leadership, and conflict-resolution skills.
- Delivered quantitative materials for 5 public school restorations in the city of Joinville, and budgeted them.
- Delivered budgets ranging from 20~25% cheaper than the tabled pricing.

## EDUCATION

MICROVERSE                                                      March 2022 – Present
**Remote Full Stack Web Development Program, Full Time**
- Spend 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVILLE                                                February 2016 – December 2020
**Bachelor's degree in Civil Engineering**
